

## FA Approved Respect Barriers *The Next Generation*

Designed with safety and reliability in mind the Next Generation of FA approved barriers, based on our Logopost design first used in the Garforth Junior League in 2006, are a vast improvement on the old steel & rigid plastic barriers of the past and are now available to order direct from Touchline Logos Limited.

In line with the FA's Respect Program the new barriers help to create a highly visible and defined line for all supporters to stand behind, which in turn aids referees, match officials and player safety

The new FA Respect barriers have the add attraction of allowing clubs to display their club badge and or sponsors logos at pitch side helping to generate valuable club funds

Available both for both Small Sided & Full Size games

### *The only FA Approved Barriers available*

- ✓ Safe and reliable
- ✓ Light and easy to carry
- ✓ Quick and easy to use
- ✓ Suitable for windy days
- ✓ Allows clubs to display their badge
